Yard machine snowblower 24 inch 5hp

Activate and hold the button to confirm that you're human. Thank You! Try a different method IMPORTANT INFORMATION - PLEASE READ CAREFULLY The Operator's Manual is an important part of your new outdoor power equipment. It will help you assemble, prepare, maintain and safely operate your machine. Your outdoor power equipment was built to be operated according to the rules and instructions for safe operation which are contained in the operator's manual and on the machine itself. Safety rules and instructions, if not followed, could endanger the personal safety and/or property of the operator and others. Read and follow all instructions in the manual before attempting to operate your outdoor power equipment. As with any type of power equipment, carelessness or error on the part of the operator can result in serious injury. Your machine is capable of amputating hands and feet and throwing objects. Failure to observe the safety rules and instructions, both on the machine and in the Operator's Manual, could result in serious injury or death. IMPORTANT: MTD, its parents, affiliates and subsidiaries, is concerned about the safety of its customers and others. Due to the size of the Operator's Manual, some Operator's Manuals are broken down into two or more segments so that the entire Operator's Manual can be downloaded easily. Cub Cadet is requiring all those who wish to download a copy of the Operator's Manual to acknowledge that he/she will download the portion of the Operator's Manual that contains the Important Safe Operation Practices section, as stated below. This is to ensure that this section is reviewed and accessible when operating, servicing and/or maintaining the machine. NOTICE: BY CONTINUING I AFFIRM THAT I WILL DOWNLOAD THAT PORTION OF THE OPERATOR'S MANUAL WHICH CONTAINS SECTION 1: IMPORTANT SAFE OPERATION PRACTICES, AND THAT I WILL READ AND FOLLOW THE SAFETY RULES AND INSTRUCTIONS PROVIDED. By clicking "AGREE" below, you certify that you have read and accepted the above notice. Top critical reviewAll critical reviews> Steve in NJ1.0 out of 5 starsjunk - Do Not PurchaseReviewed in the United States on March 19, 2012Bought in November and used once - worked fine. However, getting set to put it away for the season, it will not start - and the electric start has also died. Customer service at MTD read me a lecture on how modern gasoline will destroy a small engine if left in the machine for more than two weeks - TWO WEEKS (I'm not making this up)! So, the warranty doesn't cover the problem. As for the electric starter, they told me that since it wouldn't start, the electric starter was likely abused by me so it will also not be covered. And then, AND THEN - while trying to recap what she had told me (I was being faultlessly polite, though a little incredulous), she told me to "have a nice day" and hung up on me! Unbelievable - but there's service from MTD at least from that person today. Note: I think it makes sense to let the folks higher up know when this kind of thing happens, and I've spent 10 minutes listening to music while waiting for a live person to pick up. My advice - DO NOT EVEN THINK ABOUT THIS MACHINE. Sponsored Advertisements:
